OBJECTIVE

Results-driven IT professional with over 3 years of experience in technical support, IT operations, and data validation. Experienced in hardware and software troubleshooting, Windows administration, network support, IT asset management, technical documentation, and data quality assurance. Committed to delivering reliable IT solutions, optimizing business processes, and providing exceptional user support while continuously expanding technical expertise.

PROFESSIONAL EXPERIENCE

IT Technical Support

a. hartrodt Philippines, Inc.

May 2025 – Present

- Technical Assistance & System Maintenance
- IT Asset & Documentation Management
- Data Security & Compliance Support
- Event Technical Support & Documentation
- Cross-Functional Collaboration

Data Encoder / Validator

Concepcion-Carrier Air Conditioning Company

November 2023 – August 2024

- Validated large datasets by meticulously cross-referencing them to ensure data integrity and maintain high accuracy levels
- Streamlined the data comparison process and meeting strict deadlines for data validation tasks.

- Collaborated with team members to troubleshoot data issues and implement solutions, ensuring high standards in data management.

Web Developer

Curious Media Singapore

November 2024 – March 2025

- Managed website maintenance and customization by creating blog posts, updating content, modifying website designs, and implementing client-specific requests using Wix and WordPress.

Software Developer Trainee (Internship)

Spring Valley Tech Corp

March 2023 – June 2023

- Collaborated with a development team to build a dynamic web application using Next.js, contributing to both front-end and back-end tasks.
- Enhanced a cloud-based restaurant platform by developing and implementing key features, improving user engagement.
- Gained experience in Agile methodology, participating in daily stand-ups and sprint planning, which sharpened my project management skills.
